

Methodology - All figures, unless otherwise stated, are from Win/Gallup International Association partners' survey. In total 18,191 adults were surveyed across the 18 countries. The 'TOTAL' results have been weighted according to the population size of each country comparatively to the total population size of the countries surveyed.

Country	Survey Method	Fieldwork dates	Sample Size Unweighted	Age of Respondents	Country Sample Weighted
AUSTRIA	Online	01.11.14-30.11.14	1000	14+	Yes
